

Cisco on the Road

Join us at Cisco Networkers New Haven!

Cisco Networkers is the premier education and training event in your area! Join us to learn how Cisco solutions can help you to deliver the critical business outcomes that your enterprise demands.

This event offers a can't-miss opportunity to learn from Cisco's technology and thought leaders, network with like-minded IT professionals and meet key Cisco partners in your area. Cisco Networkers will offer tracks on all of Cisco's core architectures, including Enterprise Networks, Security, Data Center and Collaboration. Sessions will include updates on product innovations and road-maps, live demonstrations and best practices.

Register today as space is limited!

Attendees must bring their own laptop.

Keynote Speaker

Dina Bruzek

Senior Director of the Network Threat Defense (NTD), Cisco

Dina is a member of the Cisco Security Business Group executive staff. She is responsible for the NTD +\$1B portfolio consisting of the Firepower Threat Defense (FTD) Next Generation Firewall (NGFW), FireSIGHT Management, Cisco ASA, Cisco Security Manager, Firepower Services products.

Dina joined Cisco in 2013 as part of the Sourcefire acquisition where she drove the design, architecture and release of the first Threat Centric NGFW with Unified Management, FTD. While driving the design and development of FTD, she lead the successful integration of the Sourcefire and Cisco development teams and the agile transformation of both the development and test organizations to form NTD, consisting of more than 600 engineers.
